We hope that our philosophy will exceed your expectations and the following information will help you enjoy a memorable journey in Turkey.

HEALTH AND SAFETY

It is essential for all passengers travelling on Travel Talk tours to have personal insurance to cover all medical and repatriation costs. Please take your insurance policy with you. While there are no mandatory vaccinations for travellers to Turkey, it is advisable to ensure inoculation is up to date. Some travellers feel more confident with hepatitis and meningitis inoculations as well. Rabies exists in Turkey in rural areas although it is very unlikely that you will come in contact with a rabid animal. Immunisation is available in either a series of

three injections over a period of one month (lasts 3-5 years) or a single visit booster dose that lasts only 6-12 months. Please consult a medical practitioner for advice.

Each year, thousands of visitors return home from Turkey with nothing but happy memories. Turkey is a safe country compared to most of the world. Street crime is not a big problem - yet. You should always take the normal travel precautions. It is wise not to accept gifts or food or drink from any strangers for the risk of possibly being a victim of theft by drugging. Take care with your passport, credit cards and money - a money belt to fit beneath your clothes is highly recommended. It is also recommended that at least one set of modest clothing is taken with you. It is a sign of respect to cover your shoulders and legs when visiting mosques and also attracts less unwanted attention. A headscarf for women is necessary when visiting mosques in Turkey.

WHAT TO WEAR...

Depending on the season; from November to February it can be very cold so remember to pack the woollies for the Christmas tour! In March, April or October it is cooler, so pack a few layers including a jacket. For the rest of the year pack summer clothing but remember to bring something warmer for the evenings. You need to bring comfortable footwear with you so we recommend trainers and flip-flops/thongs for the summer months & Ugg or hiking boots for the cooler seasons.

MONEY

We recommend you carry a mixture of cash and a debit/credit card. The Turkish Lira is fully convertible and can be obtained before departure or upon arrival. ATM facilities, banks and Exchange booths are available in all major cities and towns. Avoid changing the bulk of your money at the airport, the exchange rates are usually more favourable in the city. GBP £1=2.8 TL USD \$1= 1.8 TL EUR €1=2.4 TL

WEATHER

Turkey is a destination that can be visited year-round. Temperatures in Turkey during the Northern Hemisphere summer are generally high, particularly during the summer months from June through September. April can spring up surprising results. Days can be amazingly warm, though temperatures do drop at night, so pack some warmer clothes. Summer in Turkey for the most part is hot and dry. For the beach worshipper, June through September is best, when you'll enjoy glorious Mediterranean sun. Turkey is a lovely winter destination, the weather is usually temperate, although from December through to February you may enjoy a little snow in Istanbul, Anatolia or Cappadocia.

EATING & DRINKING

During your journey, we will give lunch breaks at these types of restaurants to save your money and time. Main dishes are generally on display; you choose and the meat or fish is taken away to be prepared. Fish is usually charged by the weight. Shish and doner kebabs are served everywhere. Turkish tea, Turkish coffee and apple tea are the most popular drinks in Turkey.

SHOPPING

Shopping in Turkey is one of the great experiences of travelling in this country. Many things are still bargains to be had although you have to be very careful to ensure that the products are authentic. Turkish carpets are world famous and can vary from a few pounds or dollars to thousands of pounds or dollars depending on size, quality, dyes, materials etc. Together with naturally dyed woollen carpets, there are machine-made carpets from man-made fibres. Cappadocia has the widest range of carpets by virtue of buying carpets from all over Turkey and they are the cheapest.
