Intended Itinerary

It is our intention to adhere to the route described below but a certain amount of flexibility is built into the tour and on occasion it may be necessary or desirable to make alterations to the published itinerary. Please therefore treat the following as a guide only. This is a participation tour.

Mozambique is an emerging destination in Africa and some of the facilities are not up to the same standard as in neighbouring countries. You may notice this at campsites, in shops, or in 'on road' conditions as we travel. We believe that minor discomforts and occasional frustrations with officialdom are all 'part of the experience' of travelling in these newly developing areas of Africa. The enjoyment comes with the achievement of travel.

Your tour ends in **Pretoria**, South Africa's administrative capital. Close enough to Johannesburg to almost be considered a suburb, Pretoria is known as the Jacaranda City, with purple blossoms covering the streets in October each year. Pretoria boasts many sights of interest – such as the 10m bronze statue of Nelson Mandela standing beside the historic Union Buildings. Various cultural sites, shops, bars and restaurants are within an easy walk of our recommended hotel (and tour end point).

How do I get to the airport from Pretoria? Simple. Book a transfer with Travel Talk to take you directly to Johannesburg's OR Tambo International. Journey time is about 45 minutes depending on traffic. We particularly recommend a pre-booked transfer if you are departing late. Alternatively, there is a regular low cost train service called the Gautrain which runs from Pretoria to OR Tambo International and Johannesburg. If the train interests you, email or ask Travel Talk for more information.

Due to the nature of the travelling conditions we operate this tour in a 12 seat 4x4 custom built-vehicle with a trailer for luggage

The description below assumes you have purchased the optional Adventure Pass for the tour.

Duration: 14 Days
Countries visited: Zimbabwe, Mozambique and South Africa

Day 1: Victoria Falls, Zimbabwe

This morning we enjoy the spectacular Victoria Falls themselves and the mighty Zambezi River. Please be ready to get *wet* when you visit – the spray from the Falls can be seen from up to 20 miles away – hence the local name *Mosi oa Tunya* (Smoke That Thunders) and many people find they get thoroughly soaked on their visit! After our visit time is at leisure – try one of the optional activities or visit the local markets or old colonial Victoria Falls Hotel that provides an in-depth historical insight, including information on the discovery of the Falls; or explore the colonial town on foot and visit the local trading markets. From bungee jumping to admiring the view, Victoria Falls is an enduring sight that has captured the imagination of visitors for generations.

N.B: For the sake of practicality, meals in Victoria Falls area are at your own discretion. This allows you to take on activities (some of which include lunch) without having to head back with the group at mealtimes. The town of cafés

and restaurants offer a good selection of reasonably priced meals and snacks (allow US\$15-\$30 per meal). Relax and enjoy at your own leisure.

Day 2: Victoria Falls – Hwange National Park

Distance travelled: +/- 200 Km

Approx. driving time: 3 Hours

Today we head for the world-famous Hwange National Park. This is Zimbabwe's largest and best-known park and was (in

the early 19th century) the royal hunting grounds of the Ndebele warrior-king Mzilikazi. In 1929 it was set aside as a National Park for the benefit of all Zimbabwe's peoples. The park covers an area of over 14,600 sq kms and is particularly known for its elephant but contains over 100 mammal species including Africa's "Big 5" (leopard, lion, elephant, rhino and buffalo), as well as giraffe, cheetah, gemsbok and the brown hyena and abundant bird species. Hwange is also known for its population of the Wild (Painted) Dog. Late in the day we take a locally guided open vehicle game drive and hope to glimpse some of the wildlife in the park before returning to camp for overnight.

Day 3:

Hwange National Park – Bulawayo

Distance travelled: +/- 330 Km

Approx. driving time: 4 Hours

Departing Hwange, we drive south to Bulawayo, Zimbabwe's second city. The afternoon is at leisure. Bulawayo is a pleasant city with broad tree-lined avenues and wide-open spaces. There is a fascinating National History Museum, which recounts much of Zimbabwe's traditional and colonial past, and near the Old Town Hall there is a lively curio market where you can test your bartering skills. A wide range of handicrafts and artwork are on display here most made locally by skilful craftsmen and women.

Accommodation: *Burkes Paradise – Camping in twin share tents with shared facilities*
Meals included: *Breakfast, Lunch, Dinner*
WIFI: *Yes (payable)*
Optional Activities: *Nil*

Day 4:

Matobo NP

Included Activity: Nature Drive and Wilderness Walk - half day

Matobo National Park is located a short distance outside Bulawayo and knowledgeable guides will take us to this very impressive park. This reserve has the largest concentration of Black and White Rhino in Africa and, provided conditions are right, our guides will lead us on foot to some of the more concealed places in search of these magnificent animals. The park also has the densest population of leopard and black eagle in the world and we keep our eyes peeled high and low for these creatures. This half day tour will end after the walk and a vehicle will transfer you back to the camp for an afternoon at leisure.

Optional Full Day: The wind-sculptured Matobo Hills are home to numerous Bushman paintings of which we get to visit on this optional full day tour. The hills are also home to the grave site of Cecil John Rhodes who chose this as his burial place owing to the intense natural beauty and startling views from the hills. His grave can be visited at World's View - a place of continual debate owing to his involvement in claiming the land and its people for Queen & Country in colonial times.

Accommodation: *Burke's Paradise - Camping in twin share tents with shared facilities*
Meals included: *Breakfast, Lunch, Dinner*
WIFI: *Yes (payable)*
Optional Activities: *Upgrade to full day tour including Bushman paintings, historical tour and Cecil Rhodes Grave US\$55*

Day 5:

Bulawayo – Great Zimbabwe National Monument, Masvingo

Distance travelled: +/- 430 Km

Approx. driving time: 8 Hours

Leaving Bulawayo, we cross towards the east of the country to the small town of Masvingo. Nearby is one of the most important archaeological sites in Southern Africa - The Great Zimbabwe National Monument. Dating back to 1200AD this place was once the home to an indigenous population of some 10,000 people. A UNESCO World Heritage Site the area holds special significance to the country which took its name. Legend says this was the city where the Queen of Sheeba resided and archaeological finds uncovered gold, coins and porcelain from as far afield as Persia and China, highlighting the importance of the city as a trading post.

We camp nearby for easy access and ample time to explore the ruins at leisure and with a local guide who will give you basic information of the area. If you have the energy there is the opportunity to trek to the top of the Hill Enclosure to enjoy a wondrous sunset.

Accommodation: *Norma Jean's - Camping twin share dome tents with shared facilities*
Meals included: *Breakfast, Lunch, Dinner*
WIFI: *No*
Optional Activities: *Nil*

Day 6: Masvingo - Bandula Area, Mozambique

Distance travelled: +/- 380 Km

Approx. driving time: 7 Hours

Today, we leave early and stop off in Mutare and if time allows stop at the spectacular Birchenough Bridge (named after Sir Henry Birchenough). The bridge spans the Save

River on its 400 km journey through Zimbabwe and Mozambique and is one of many scenic features of eastern Zimbabwe.

Once we have stocked up on supplies we make our way to the border point to leave Zimbabwe and enter Mozambique.

NB: Border formalities entering Mozambique can be time consuming and we may be held here for several hours while the paperwork is completed. Your patience at such times is greatly appreciated. We find the best way to proceed is to let officials work at their own pace and wait patiently. Your tour leader will do most of the work, but he/she will be grateful for your understanding if things seem to be taking longer than they should.

Once formalities are complete we make our way to the Bandula area near the Chicamba Dam where our campsite is located within a 550-hectare conservancy. Most people notice immediate differences upon entering Mozambique. Travelling is generally slower and road conditions more demanding. Campsites are not as well appointed. Towns and shops may have fewer goods or less variety. While this can sometimes be frustrating many people find after a few days they find this one of the more appealing and attractive aspects of their African adventure tour. We are sure you will enjoy Mozambique but do try to warn you not to expect things to be the same as elsewhere in Africa.

Accommodation: *Casa Msika or similar – Camping in twin share tents with shared facilities*

Meals included: *Breakfast, Lunch, Dinner*

WIFI: *Yes*

Optional Activities: *Nil*

Day 7:

Bandula – Vilanculos area

Distance travelled: +/- 510 Km

Approx. driving time: 10 Hours + Boat trip to camp

This morning, we leave early and make our way to the spectacular Indian Ocean coast. We arrive at Vilankulo (or Vilanculos), the Gateway to the Bazaruto Archipelago. Named after a local tribal chief Gamala Vilankulo Mukoke, the town itself is only 5km long yet is a hive of activity, has a lively atmosphere and friendly people. On arrival, we gather our luggage and snorkels for the following day's island trip and board our traditional dhow boat to our 'rustic' bush camp. The beach camp is located on a remote stretch of the coast approximately 90 minutes sail from Vilanculos town itself. We arrive in the late afternoon and settle in to our beach camp for the next 2 nights.

Vilanculos area

After breakfast we take our dhow boat to Magaruque Island, the third Island in the archipelago and the closest to Vilanculos. Here you can enjoy the island at leisure, snorkelling, swimming, walking or simply enjoy lazing on the pristine beach. A delicious seafood lunch is included in our Dhow Safari. With its powdery-white beaches, turquoise waters, and superb all-year round climate, Magaruque is perfect to relax, unwind and explore the local marine life. We return to our beach camp in the late afternoon to overnight.

Accommodation: *Chigamane or similar – Camping in twin share pre-erected tents with shared facilities*

Day 9:

Vilanculos area - Inhambane

Distance travelled: +/- 320 Km

Approx. driving time: 6 Hours

We bid our seaside camp farewell and head further down the scenic coast via Inhambane to Tofo where we will spend the next 2 nights. Tofo is a small beach town with lovely open beaches, where the pace of life slows allowing you to relax and soak up the atmosphere. There are many activities on offer such as horse riding, snorkelling and scuba. Whale Sharks and Manta Rays inhabit the coastline all year round but are in larger numbers in the summer months (November to March). Humpback whales usually arrive around mid-June and are present until mid-October. The natural vegetation of the coastal plain is dune forest, but this has largely been replaced by coconut palms, planted by the Portuguese and local Bitonga people to supply the thriving copra trade. There are some exciting bars and restaurants in the area - sample the local seafood, the area is famous for it - and the local beer (called '2M') or else simply relax and enjoy a good read. You could also take a trip into Inhambane, the second oldest town in Mozambique to explore the local market.

Accommodation: *Fatima's Nest or similar – Camping in twin share tents with shared facilities*

Meals included: *Breakfast, Lunch, Dinner*

Day 10:

Inhambane

Today is a free day at leisure to enjoy the local tropical beaches and the many activities on offer. Nearby Inhambane has a rich history and offers a great opportunity to go out

and explore the old city. Climb the ladder at the Cathedral of our lady of Conception Inhambane for fantastic 360-degree views of the surrounds. The local markets are also a highlight with fresh fish, seafood and farm produce on sale. You'll soon see the mix of Arabic and African cultures that create a vibrant, eclectic style of its own.

If the delights of the ocean are your forte, then head out and explore the reefs and colourful marine life found in this warm watery haven.

We leave Tofo and head south to Bilene and our last coastal stop in Mozambique. Bilene, also known as Praia do Bilene and was once called San Marthino is located 180km from Mozambique and famous for the Uembje Lagoon (or San Marthino lake) where you can try out one of the best loved activities in Bilene – snorkelling! Our camp for the evening is located on top of the dunes overlooking the stunning lagoon itself. It's here we spend the night lulled by the sound of the ocean and enjoy the fresh breeze as we unwind from our day.

Accommodation: *Laguna Camp or similar – Camping in twin share tents with shared facilities*

Meals included: *Breakfast, Lunch, Dinner*

WIFI: *No*

Optional Activities: *Nil*

Day 12:

Praia do Bilene - Hazyview – Kruger National Park, South Africa

Distance travelled: +/- 410 Km

Approx driving time: 10 Hours

From Bilene we cross the border into South Africa, where we head for southern Africa's premier game reserve, 'Kruger' and spend the night outside the reserve. Fences between the National Park and surrounding private reserves were removed several years ago to form the Greater Kruger, an area of some 24000 sq km. Wildlife is free to roam the whole enormous area and it has become incredibly diverse in both

fauna and flora. From the dwarf mongoose to the 'Big Five', almost every major African mammal (148 species) is present. There is also prolific birdlife (over 505 species) and over 330 varieties of trees.

This evening we immerse ourselves in the local culture and enjoy Shangaan tribal dancing and singing around an open fire to learn more about these fascinating people.

Accommodation: *Hotel Numbi – Camping in twin share tents with shared facilities*

Day 13:

Hazyview – Kruger National Park

Approx. driving time: Full day with game drives

Waking early, we board our 4x4 game viewing vehicles with a resident guide for an intense but rewarding day in Kruger National Park. The impressive atmosphere of the park enables you to see why it is held in such high esteem amongst visitors from all over the world. We game drive in the morning and afternoon in search for the abundance of wildlife including the 'Big 5' – Rhino, elephant, buffalo, leopard and lion together with a high density of other mammals and diverse bird species such as eagles, hornbills, vultures and bee-eaters. We break during the middle of the day to enjoy the peace of the rest camp and wait out the hottest part of the day (when wildlife is usually less active). TOUR STYLE:

Adventure Camping Tour

Travelling on an adventure camping tour is great fun, but it can also be challenging! This is a *participation* tour and your help will be needed in setting up the camp each night and assisting (usually on a rota basis) with the various day to day campsite duties, such as shopping, cooking and keeping the vehicle and camp tidy. But don't worry it's not all hard work and it's a great way to meet the local people and get to know your fellow travellers. Your contribution benefits the success of the tour - most people find the greater their involvement, the greater their enjoyment of the whole trip. Our accommodated tour option travels together with the camping counterpart.

Africa is an adventure destination and travelling here is not always predictable so be prepared to 'expect the unexpected' in difficulties or delays which might come our way! However, you'll soon find that the diversity of the African landscape, the wildlife and the communities we pass on our way, make the sometimes-rough travel and long driving days worthwhile. Come with a sense of adventure and a flexible attitude and you will be sure to enjoy your African adventure across this amazing continent.

WHAT'S INCLUDED:

All tour highlights, 2-person dome tents, fully equipped safari vehicles, camping and cooking equipment, mattresses, service of two crew, all road and vehicle taxes, all ground transportation, meals as indicated.

ADVENTURE PASS:

Every adventure camping tour has an Adventure Pass which is paid to your tour leader in Africa at the beginning of the tour (or pre-paid by arrangement prior to your tour at the time of booking). This is separate and in addition to the Tour Price. The Adventure Pass is paid in the currency listed in the brochure or on the website (usually US dollars in clean, un-torn post 2008 edition notes). The Adventure Pass covers selected park entries, activities and excursions along the way where payment goes directly to the supplier. The purpose of the separate payment is to ensure local suppliers benefit directly from the income.

ACTIVITIES & EXCURSIONS:

These are optional activities that are booked during your holiday and paid directly to the provider whilst on tour. These options offer a variety of experiences and allow you the freedom to decide what activities you would like to do.

EXTENDING YOUR TOUR: This tour can be extended to travel from Nairobi. Ask your agent for more information.

ACCOMMODATION:

We use 2-person dome tents with fly sheets, sewn-in groundsheets, zip-up insect screens and foam mattresses. We mainly use campsites, which usually have reasonable wash and shower facilities, electricity points and sometimes even a small shop, bar or swimming pool. The facilities on this tour may be more rustic than other destinations.

TRANSPORT:

12-seater, self-contained, custom-built vehicle with plug sockets and safety features, 4x4 safari vehicle. Travel times indicated are approximate and do not include stops en-route.

GAME PARK VISITS

In order to maximise the quality of game driving and to comply with local authority rulings, some of our National Park visits and game viewing is carried out using services provided by local African ground handlers. As well as enhancing our experience using local guides and smaller vehicles also allows us to contribute at a 'grassroots' level to local economies from which local people benefit.

We ask that you are open to this when you travel with us. Being proactive in responsible travel helps develop cross-cultural understanding and friendships with the local people and will greatly enhance your experience in Africa.
